Yes. It was said that everybody can ask for help and inform if they are overwhelmed.

4. ACTIVITIES (SET AND SUGGESTED)

Set activities:

We should start organizing two gasques:

- a. Fall Gasque:
 - **Otto should conform an activity group.**
 - The gasque will be paid with the sold tickets.
 - Afterparty: more people can come. We could charge 40 kr per ticket (undecided).
- b. Homecoming Gasque: For 2nd year Master students.
 - January 25th: temptative date.

- Define who will be doing everything, because there have been previous problems with UPaD. **Victoria and Jan Luca will contact UPaD.**
- **Otto will try to book the nation for the Homecoming gasque, and find out about the nation that was booked for the Fall gasque.**
- **Tania will ask Anna Marie if she has the dates for the gasques of last year (2017-2018).**

Proposed activities:

Activity 1: Pax et Bellum night (proposed by Otto)

- Every Wednesday we get together for drinks. It is a night for all the members.
- Game night: pub quiz, etc.
- If there is an activity to plan, maybe it can be planned for Wednesday.
- Location: maybe Smallands.
- **Maxine will create a Whatsapp group to invite members (they can receive messages, but not respond)**

Activity 2: (proposed by Jan Luca)

- Presentation of the View Project.
- Lecture with 3 or 4 people who can talk about the project.

Activity 3: Immunization Day (proposed by Victoria)

- A day when the UU students can get the flu shot
 - Meaning: not just for Pax et Bellum members
- **Victoria has to find out more about it**
- People would have to pay for the shot

Activity 4: Freedom, Democracy and Human Rights Lecture (proposed by Otto. Original idea: Hugo)

- Invite a Politian from the Liberal Party for a lecture

Activity 5: Presentation (proposed by Jan Luca. Original idea: Daniela)

- An "army guy" from Boston could give a presentation
 - He has been in conflicts in the Middle East
- Maybe someone else will join him, so that they can have a discussion
- He would show us a different point of view on topics we discuss every day
- There would have to be a moderator from the Pax et Bellum Board

Activity 6: Skiing trip (proposed by Otto in coordination with Simon)

- It would not be an official Pax et Bellum activity
- It would be included in the Newsletter, as well as other unofficial activities

Activity 7: Visit to the Dag Hammarskjöld Foundation (proposed by Victoria)

- Victoria knows the chairs
- Class trip (one day) to get to know the foundation, the work they do, maybe even make contact for internships.

IMPORTANT:

The person who proposed the activity will have to actively participate in the organization.
Dates for these events should be set ASAP.

5. MISCELLANEOUS

5a. Funding:

- Irene has to inform the Board how much money we have.
- Irene will look up which applications for grants we have to present and inform the rest of the board how we can help.
- All the board members should search for other grants, inform Irene and find out if we can apply.
- Irene has to see how we could make it work with the cash box
- Victoria and Jan Luca will go to the department to find out if we can get funding for PeB.

5b. Urgent needs

- Victoria and Jan Luca will ask the department to see if they can program our student cards to enter the office
- Every board member needs to send Maxine the following information for the Webpage: Where you are from, bachelor, what do you want to do as a board member in your position. Fun fact.

5c. Newsletter

- Tania will ask Anna Marie for the Template for newsletter
- The newsletter will be published every two weeks

5d. Getting the word out on the PeB activities

- Maxine will visit other programs: Holocaust, Genocide, NOHA, Political Science. She will get a list of all the programs of the university so that we can go and visit them or maybe go on a social activity.

6. JOURNAL:

- The call for submissions will be early October, a month for now.
- There is a blog on the website, which is not as serious as the Journal itself. But needs collaborations for that, too.
- Already applied for funding for an InDesign license

- Has to organize the printing and also, the launch party.
