

# PAX ET BELLUM

## FOURTH MEETING

---

DATE: October 16, 2018  
PLACE: PeB Office  
ATTENDANCE: Victoria, Jan Luca, Otto, Maxine, Karim, Tania, Irene.  
AGENDA: Agenda item 1: Meeting with the Folksacademy  
Agenda item 2: Planned activities  
Other logistical issues  
NEXT MEETING: Wasn't set

---

### 1. Meeting with the Folksacademy

- Events: For every 30 minutes, we can get 200 kr.
  - Has to be open to the public.
- Study circles: For every 45 minutes, we can get 20 kr.
  - Irene already created 5.
  - We have to create at least one for every board member
- Meet up in total at least 3 times, for 9 hours in total.
- Does it work with studytrips too?
  - The money we get is based on reimbursements. The 200kr per event already includes everything (transportation, for example).

### 2. Planned Activities

#### Visit to the Dag Hammarskjöld Foundation

- For them it is very useful to have a relationship with the student association
  - They want students in their activities that know about the subjects or to fill in spaces.
  - We could invite anybody from the board.
- The fieldtrip
  - Tour of the house and explanation on what the foundation does.
  - Not scheduled, but she (contact at DHF) was very excited.
  - Date? Next year or December 2018.
    - **Otto will look for a date and tell Luca and Victoria. Most probably on December or January.**
- Trustees Meeting
  - 25 & 26 of October

- Maybe one of them can come and talk at the department. They looked, but couldn't find anyone renewed.
  - The idea wouldn't work because we have the halfway seminars.
- The contact at DHF can help us with contacts for internships
  - This is not for all the members, just for the board members.

### Pub Quiz

- We have 8 people for now.
- We are gonna have fika (sweet and salty). Karim will take care of it.
- Luca and Irene will get thermos.
- The UPaD people use the coffee machine here in the department.
- How it will go:
  - 2 blocks of 3 rounds, break, another round of things and we are going to go to a pub in a nation (Otto and Maxine will not be there. But they will tell everybody where to go to).
- Maxine and Otto will be here tomorrow at 5.30.

### Freedom, Democracy and Human Rights Lecture (politician from the Liberal Party)

- 31<sup>st</sup> October, confirmed
- Otto will book a lecture room, will ask Ingall.
- It will be very interesting, he is very conscious about the audience.

### Social Entrepreneurial Forum (Sweden) + Seats4Peace (US)

- Stockholm, almost 200 companies, that do something for peace.
- How it all started: almost 200 companies with people that work in NGOs, etc. got together, chilled and got to know each other personally.
- This year they will bring from 16 to 20 people for the incubator week, around April 2019.
  - The idea is skill-building.
  - The whole program lasts a year, these days they are teaching some things, but for now it is conflict analysis, and other academic perspectives on conflict and peace.
  - They are young leaders. One on one, we will go to a place to meet them. It is a good opportunity for exchange and networking for the people who is able to go there.
  - They want the department or PeB to join. PeB is the bridge between the department and the initiative (professors and master students).
    - We can go there as students (16 or 17) and make a buddy program and exchange practical and theoretical manners, for a whole afternoon.
    - The professors can present views project, etc.
  - Luca introduced the VIEWS project.
    - Luca will meet will Hovard Hegre soon to know how they can join and help.
  - Maybe the DHF, for example and others, can also join.
  - Oscar is the contact, he will promote PeB to the decision makers so they can decide what our exact role will be on the event.

- It has to be mutual, we cannot just send people and receive nothing in return.
- The event will take place on the 7<sup>th</sup> or 8<sup>th</sup> of April, but final date will be set on November, so we will have time to organize ourselves.
  - But we have to wait until it is real.
- Beginning of November, we will get in touch again.

#### Fall gasque:

- Otto proposed we don't take any money from the funds we already have, but that it pays itself with the tickets we sell.
- According to the nations we have to guarantee that 40 people buy the ticket.
- Estimation from Otto: 450 kr + general costs + decoration = 550 kr per person.
- Problem: It seems really expensive.
  - Proposed solutions:
    - We have to promote it in an interesting way to get as many people as we can.
    - Irene suggests that we use some of our funds to pay for part of it. There is a little money to do that or we can get funding. We have 8,000 or 9,000 kr. for a year, so we have like 4,000 kr. per semester. So, we CAN sponsor a proportion of the gasque.
    - Otto suggests that we pay for the decoration and spend as little as possible on that.
    - Otto suggests that if it is too expensive, we shouldn't do it.
- Luca will have a meeting with the nation this afternoon to ask if we can cancel, how much it actually costs, etc., what we would have to pay.
- Herman will sing, etc. Otto, Luca and Irene will talk about ways to fund this as study circles.
- Otto will ask Herman and Hugo what they did for the bachelors.

#### Event with the Irish Embassy:

- Lecture on the 31<sup>st</sup>.
- Movie screening: In the name of Peace.
  - It is related to the Nobel Peace Prize winner for his efforts to end the Irish trouble. Has Alzheimer now, but it is in his honor. They are trying to revive his image, remember what he did for Ireland.
  - It is an interesting event to talk about Ireland, because of the period of Brexit.
  - Reached to the alumni association, who reached UPad and us, it is a joint effort (Alumni, UPad and us). The alumni person is not very active, so this means most of the people would have to come from PeB.
  - We have to get over 120 people.
  - Maybe we can also use the Folksuniversitet to promote it?
  - Time? Probably 6:00.
  - Ask our contacts if they know Irish people here, but not restrict it just to Irish people.

### Life and Peace Institute

- They work on peacekeeping initiatives on the horn of Africa
- Peacebuilding and development goals workshops
- 25 and 26<sup>th</sup> is the next date. Add to calendar, it is a big event, is a public event for students.
- UPaD will create fb page, poster, etc. We can put our logo in there
- Our part is bringing people to the event

### Movie screening: Fight club with Erik Melander

- Still no date, we can do that when it is dark outside.

### Event transferred to us: Talk about middle east.

- Academics from Israel will come.
- Erik Melander referred them to us.
- The only option would be Thursday at 6.
- We could forward that to UF, do we have a contact point?
  - Herman is a part of UF and we should ask him.
- We shouldn't do that event, it is of no interest to us and we do not know the lecturers.

### Event proposition: Movie 22 july (Maxine):

- Movie screening: 22 july
- A researcher who visited Anders Behring Breivik in jail is a professor at Uppsala and lives here, too.
- Maybe movie screening + lecture or Q&A.

### Event proposition: Gruneland visit (Victoria)

- Tip to a theme park in Stockholm on Halloween nights
- 27 oct – 5 nov. (dates or the Halloween nights)
- The board said we shouldn't do it as an official event. It can be unofficial, like the skiing trip for next year.

## **3. Other Logistical Issues**

- New list of contacts, relevant, so that they are public and everybody can access that
  - Victoria will give me the info
  - Tania will put it in a list
  - Luca will do some research about how to make a list
- Tania has to book the room for the next appointment.
- Maxine will make us all admins of the Whatsapp group.
